Price. Springfield, Ill., April 29.-Hon. J. F. Snyder, of Cass, one of the two "Confederate Brigadiers" in the Itlinois floure of Representatives, to-day sent io the Historical Society, Chicago, an interesting halfsheet of paper, yellow, without official beading and what would readily pass for an old scrap of a love letter. It is, how- 1879, of the Criminal Court : ever a historical and apparently hastily written note or memorandum from the War Department to the late Col. Mulligan. and also bears the approving signature, in his well known bold hand. The note reads as follows :

[Copy] WAR DEPARTMENT, May 17, 1861.—Jno. A. Mulligan, E-q - DEAR SIR: You are respectfully informed that the President has accepted the regiment at Chicago, tendered by you, to be mustered into the service to serve during the war. Very re-

SIMON CAMERON, Secretary of War. Approved-A LINCOLN. Mr. Snyder, late of Gen. Sterling Price's

staff, accompinies the souvenir with the following explanatory letter: STATE OF ILLINOIS, General Assembly, House of Representatives-Springpield, April 28, 1879 - Albert D. Hager, E-q., Secretary Historical Society, Chicago, Itl.: DEAR SIR-When Col. Mulligan capitulated at Lexington, Mo., September 21, 1861, 1-then a rebel ordnance officer-was placed by Gen, Price in charge of the captured arms, accourrements, etc., which were temporarily stored in the court house until their proper distribution could be made to

our troops.

On assuming this duty I found in the confused heaps of muskets, saddles, cartridge-boxes, bridles, sabers, etc., a small trunk, which had been rudely broken open, doubtless by some one of our own vandals, and probably rifled of all its contents which could be rendered immediately available for use or sale. At any rate, all that was Sheriff Murray and Clerk J. C. left in the trunk was a lot of letters and Deputy Stewart in attendance. manuscripts, evidently the private correspondence and papers of the gallant officer n command of the Federal forces just sur-

I immediately secured the package as aworn, well as I could, and sent it, with all the apology I could make, to Col. Mulligan, a prisoner at the city hall, the headquarters of Geo. Price, and had the satisfaction of receiving his thanks.

When about to evacuate our improvised amenal-the court house-I found on the floor the accompanying half sheet of note plaintiff files amended answer by leave of paper, which I intended to return to its court. but had no opportunity to do so, as I never afterward saw him or was so situated as to communicate with him.

souvenir, not only of the darkest days of the country's history, but also of the brave roldier and courteous gentleman who gave his life to the cause of human liberty. Respectfully, etc., yours truly.

J. F. SNYDER.

Representative Thirty sixth District, Thirty-first Illinois General Assembly.

IMPORTANT BILLS.

Affecting County Surveyors and Public Schools

COUNTY SURVEYORS Yesterday in the State Senate, a bill to amend section 32 of chapter 27 of the general statutes of 1865, was taken up and passed. The amended section reads as follows:

Section 32. In establishing decayed destroyed section corners, it shall decayed or destruyed corners at the point deputy sheriff Shy, returned with Frank of intersection of the original marked section lines; if said point cannot be satisfactorily obtained by this mode, it shall be legal, second, 60 commerce at any two section son convenes its May term to day. Davidcorners in transverse directions from the son is to be tried for murder and Crockett corner sought, and run random lines in the for assault with intent to kill. Thurston direction thereof to the quarter-section it is thought, is innocent of the charge increases suffering : and if you feel sickness adjusting the company to the true course of said lines, respectively, continue the true course of said lines, and establish the corner sought at the point of intersection thereof : third, when several adjacent corners are decayed, it shell be legal to comnence at any two of the nearest township, section or quarter-section corners, to the corner sought, and in transverse directions theretrom, and run in the direction thereof, on the general course of lines in the township in which the survey is to be made, to Union depot, the train men gave inforuntil the lines intersect (always, however, taking into consideration the fallings of the pockets had boarded their train at Moberly, east and west lines), which point of intersection shall be the legal corner; fourth, the passengers while en route to this city, where several adjacent corners are decayed, and that they had left the train at Harlem and it is not practical to re-establish, by station, just across the river, and were comthe methods above named on account of there being no original corner either east and Barrens went to the ferry and met the the nearest government or other legally enof such decayed corner, and run north on a random line past said decayed corners to the nearest government or other legal corners at most such as the said decayed corners to the nearest government or other legal corners at Moberly for some time.

A Fatal Fall. A week ago last Sunday Kr. Wm. Wilks, yesterday. He was seventy five years of age, and well known and respected in the community in which he resided.

What Are They Going to Do About The following pitcous wail goes up from

the Jefferson City Journal:

We presume the people of Jefferson City are now awake to the fact that in the caty It is of no consequence that this is just as suitable a place as that for the Capital of

one foot above it. The bow should be one and one-half feet long on each side of the point of intersection with the perpendicular stick. The belly cord should be united at the point of intersection, and at the same distance there was a ferry at the ford, they plunged there was a ferry at the ford, they plunged down the perpendicular stick as the in and were carried down stream. The arms of the how extend on each side were large farmers, and well of the perpendicular stick. The band is attached at only two points, the and only one budy, the father's, recovered. point of intersection and at a point nelow, in the four-foot kite mention--An ounce of prevention is better than

point of intersection with the bow and A correspondent writing from Nevada,

should extend three feet below the

cord shall be exactly opposite the

point of intersection, or at right angles

with the perpendicular stick frame.

The face of the kite is then convex

and the back, of course, concave. If

at first you don't succeed, try again.

It is tun for all sorts of boys. This

form of kite is sometimes very eccen-tric and as game as a wily fish."
